Индивидуальный проект, часть 4

Матюшкин Денис Владимирович (НПИбд-02-21)

Содержание

1 Цель работы

Добавить к сайту ссылки на научные и библиометрические ресурсы.

2 Ход работы

1. Для добавления ссылок необходимо перейти к каталогу сайта. После перейдем в *content*/*authors*/*admin*. Добавим все ссылки сайтов, в которых мы зарегистрировались (рис. 2.1). Зайдем в наш сайт и проверим изменения (рис. 2.2).

student

RUDN University

Рис. 2.2: Проверка ссылок

2. Создадим пост по прошедей неделе в каталоге *content*/*post* (рис. 2.3).

```
## Article

How I spent last week:

1. The days from Monday to Thursday were easy, as there were not many couples.

2. On Friday, I spent the first two pairs at the computer, learning C++. From 15:00 to 19:20 I studied English.

3. I didn't go to couples on Saturday. There were running competitions at the RUDN Stadium. I took 2nd place, congratulate me.

4. On Sunday I completely rested mentally and physically.

## Important rules when creating a presentation

### Rule 1 — the text must be read

The concept of readability in simple language means that the text can be easy to read. For example, if you put white text on a black background, the

If the purple text is written on a red background, then it will be difficult for the eye of an ordinary viewer to concentrate on information with su

### Rule 2 — Colors

Before starting to create a presentation, it is always good to work out its color content, choose a certain palette of colors from two or three main
convenient to save this palette immediately so that you can see all the working colors in front of your eyes. When filling a presentation, it is bet
attention may dissipate due to the abundance of shades. It is important to attach special importance to each color, for example, to make all heading
color, it will be easier for the reader to analyze the slide, and he will be able to quickly find the necessary information.

In the slide below, we give the title and numbering an orange color, thereby directing the viewer from the anchors of our slide to the main black te
this is the bulk of the basic information.

3 Заключение

В ходе этой лабораторной работы мы добавили к сайту ссылки на научные и библиометрические ресурсы.
